

You Can Create Change - Come and Be Heard

STATEWIDE PUBLIC TRANSPORTATION FUNDING STUDY

The Iowa Department of Transportation (Iowa DOT) is hosting the second series of public information meetings across the state to gather input on ideas and actions for improving passenger transportation service in rural areas, small town, and in the large urban areas.

The Iowa DOT, working with the study Advisor Committee, has been evaluating the unmet needs identified in earlier public meetings and has identified a range of actions to close the gaps and is presently estimating costs and options for increasing transit funding.

Please join us at information meetings to be held on the evenings of **Tuesday, September 15, Wednesday, September 16, and Thursday, September 17, 2009**. The meetings will provide an update on the project and will be an opportunity for you to provide input. Your involvement is critical to development of appropriate strategies to address unmet needs. Please share this invitation with your clients, customers, and other constituents.

*The meeting location is accessible to persons with disabilities.
Refreshments will be served.*
